

**C DBEL            G. T. Earle Ltd, cement manufacturer's of Hull            1807-1958**

**Historical Background:**

Messrs George and Thomas Earle Ltd, Wilmington established their cement business in 1809. The business was carried on by George Foster Earle, son of George Earle until 1913 when his grandson, John Hudson Earle took over. The business was eventually taken over by John Hudson Earle's son, George Foster Earle. In 1907 the Company brought out their famous Medusa Water Proofing Compound, famous throughout the cementing world. The controlling interest of Humber Portland Cement Co. Ltd was acquired by the Company in 1923. In addition to their main line of output, Earle's Cement also manufactured Mastic, Light Roman Cement and coloured cements of all kinds. The Company ceased trading in the late 1960's.

**Extent:** 8 boxes

**Access Conditions:** Access will be granted to any accredited reader

C DBEL/1	Cash book, balanced monthly January 1811 - December 1816 With cash and shipping accounts for 1809 at front, a schedule of bills drawn, 1811 at end and between March-April 1816 calculations relating to the cost of dealing in various products at various prices	1809-1816
