C DBTH/14/3	Schedule D assessment	n.d.
C DBTH/15	The Hull Fishing Vessel Owners Association and Associated Organisations The Hull Fishing Vessel Owners Association (HFVOA) was incorporated under the Companies Acts in 1892 to represent the interests of the owners and to provide a range of common services. The Hull Fishing Industry Association (HFIA) was registered under the Trade Unions Acts in the 1950's to deal with industrial relations matters. The Hull Fishing Vessel Owners Trading Co. Ltd. (HFVOTC) was incorporated under the Companies Acts in 1975 to take over the trading activities of HFVOA. The Hull Freezer Trawlers Owners Company (HFTOC) was established by HFVOA in 1979 by acquiring and renaming the existing company Lowtalo Ltd. It took over some of the functions of the parent association, notably the training registration of fishermen. The Hull Fishing Vessels Owners Holiday Credit Fund (HFVOHCF) was established by Deed of trust dated 12 March 1981 to provide, by contributions from the participating companies, holiday pay to qualifying employees of	1927-1983

participating companies in succession to the holidays with pay scheme operated by HFVOA.
 The administration of these organisations was closely integrated with the main body providing office and other services for the smaller organisations. Meetings of governing bodies were frequently held in succession on the same day, the summonses for all of them having been issued together. The records were found on files as described here except for
 a) Individual items described here as such
 b) Loose papers assembled for listing and noted as having been loose papers
 c) A G M papers (9-24) which were partly in a file partly loose and have been re-arranged to bring all relevant material together in a logical sequence. It seems clear that the notices, reports and accounts for all the organisations were sent out together and that the draft accounts were sent out earlier

(i) General statement of the facts compiled in the insurance office

(ii) Statements by each skipper involved

(iii) A chart with the relevant jounies indicated

In many cases a loose sheet indicating the insurance office's recommendations is also present.

The records were originally found in bulky piles in folders.

All the items relating to a particular meeting were (in some cases clipped) together and numbered in the agenda

sequence. To simplify access the papers for each meeting have been placed in a separate folder and the meeting

identified from the minutes. Earlier papers for 1977 were filed with the minutes at 17-18 above

	H. Watson Hall was chairman of this company from 1946 to 1960. In 1953, in response to the prospect of an unwelcome take-over bid the company developed a close association with Hellyer Bros., Thomas Hamling and Co., and Hudson Bros., which led to these companies becoming owners of about 40% of the shares in Kingston. In 1960 Hudson Bros., was acquired by Ross Group which used the Hudson stake in Kingston to launch a take-over bid for the company. In response Hellyers bought the Hamling and other shares in Kingston to acquire a majority shareholding. The two companies merged into Associated Fisheries in 1961

C DBTH/36	Hull Trawler Supply Company Ltd and prestige Decorators Ltd	1938-1981
	Hull Trawler Supply Co. Ltd., was incorporated under the Companies Acts in 1908 to provide a wide range of services to Trawler Owners. It would seem that its shareholders were always Trawler Owners or other firms associated with the fishing industry. Prestige Decorators was incorporated in 1965 as a wholly owned subsidiary to undertake the non-ship painting and related aspects of the business operating from premises in Boothferry Road. In 1977 the Supply Company was acquired by the Hull Fishing Vessel Owners association and its business merged with that of the Hull Fishing Vessel Owners Trading Co. The painting department and Prestige Decorators were sold to British United Trawlers
