**Cemetery records**

**1861-1994**

**Historical Background:** In 1859, the Hull Board of Health purchased it's first cemetery, a section of the land owned by the Hull Cemetary Company on Spring Bank, which was later extended to become the Western Cemetery. 1873 saw a second cemetery opened on Hedon Road. Another cemetery on Hedon Road was opened in 1894 with a crematorium built in 1901. Northern Cemetery and Eastern Cemetery were opened in 1915 and 1931 respectively

**Custodial history:** The burial registers were compiled as part of the regular business by Hull Burial and Crematorium Services. They were microfilmed in 1993 by the Church of Jesus Christ of Latter Day Saints and passed to the then Record Office in 1994. The administrative records were passed to the Record Office in 1981 by the Crematorium Superintendant

**Description:** Cash books, day books, microfilms of burial registers and correspondence files
