

C TCDD Hull Town Council Docks Deputation Committee 1883-1891

Historical Background: A committee of corporation members, which would act as a deputation to meet the directors of the Hull Dock Company, was established by the full council in November 1886. Its aim was to settle 'all the questions pending' between the two organisations. The last minuted meeting seems to have been in May 1888, and although members were still being appointed to the committee in November 1890, it does not appear to have met again.

Custodial History: Records created as part of the work of the Docks Deputation Committee and routinely transferred from the Town Clerks Department. Minutes from a meeting between the council and the company from 1883 had been added to the main series at some time previously.
