

C TCDI **Hull City Council Departments Inquiry** **1913-1918**
(Special) Committee

Historical Background: A special committee was set up by the City Council in November 1913 to enquire into the working of all the departments of the corporation, with the exception of the City Treasurer and City Accountant. The committee would report on any overlapping duties, suggest in their report any improvements in routine work which they deem advisable and make such recommendations regarding the maximum salaries for certain positions as the result of their inquiry may suggest. In April 1914 it was decided to add the City Treasurer's and Accountant's Departments to the inquiry as well. After reporting back, the committee was formerly dissolved in November 1918.
