**Records of the Hull City Council  
Housing Bonds Committee**

**1920**

**Historical Background:** In November 1919, the Ministry of Health began to encourage local authorities to issue housing bonds in order to promote house building, and Hull, like many other councils decided to take the opportunity on offer. It's Housing Bonds Committee (technically a sub-committee of the Finance Committee), like many other of the more modern committees had its powers, duties and responsibilities clearly defined from its inception in the March of 1920. It was to carry out the propaganda work in connection with the local movement for popularising housing loans and attracting subscriptions. Having organised public meetings to promote the bonds in August 1920, the committee does not appear to have met again.

**Custodial History:** Records created as part of the work of the Housing Bonds Committee and routinely transferred from the Town Clerks Department

**Description:** Committee records including minutes, address book, correspondence and publicity material. Former reference number TL/8596.

**Extent:** 1 volume 4 bundles

**Related Materials:** See council minutes in the searchroom, which will also contain any associated reports.

**Access conditions:** Access will be granted to any accredited reader
