**C TCY/4/1      Agreements for the Erection of Air Raid Shelters  
Dec 1939-Feb 1941**

**Historical Background:** These agreements were made during the early stages of war in order to facilitate the erection of air raid shelters within privately owned housing areas (mostly terraces). In some instances there are letters attached to the agreements giving notice to the owner/agent that the removal of the shelter had taken place and any reinstatement work completed c. 1946.

**Description:** These agreements were made between the Lord Mayor, Aldermen and Citizen's of the City and County of Kingston upon Hull and owner (s) and tenants of various properties for the erection of air raid shelters. The owner/agent has signed the agreement as well as the tenants. The Agreement also includes the signatures of witnesses as well as a map showing the location of the shelter. Attached to the agreement is a cover note to the City Engineers giving permission for the work to be carried out.

**C TCY/4/2            Memorandum from the City Engineer to the Town Clerk  
regarding the Demolition of Civil Defence Structures  
1946-1947**

**Historical Background:** These arise out of the agreements described at C TCY/4/1 and were written after the war has ended in order to inform owners/agents about the demolition of civil defence structures (air-raid shelters) and the reinstatement of the land within privately owned housing areas (mostly terraces). They signify the end of any agreement put in place during the early part of the war when these structures were first erected.

**Description:** These advise the owner or agent about the clearing and reinstatement of land used for air raid shelters. They give the date that the land was reinstated, the description of the site (address), shelter numbers, name and address of owner or agent and the nature of the original agreement. Occasionally there is an additional memorandum to the relevant committee if the land was owned by the City Council.

**Extent:** 187 items

**Related Material:** C TCY/4/1,3 &4
