U ORP/1	Annual Reports and Accounts	1925-2012
	<p>The University produces an annual report for each academic year.</p> <p>For the majority of the series (1925 - 1987) the report is divided into three parts; report of council, report of senate and statements of accounts. In the early years members of staff and members of the Court are listed in full. After 1938 staff members are no longer listed, instead lists of members of staff can be found in the Calendars from this date (U ORP/2). After 1952 there is also no list of membership of the Court, and no further mention of the Court. The reports give information on the progress and development of new buildings, projects and enterprises, and achievements and awards secured by students and departments in the University and in the wider world. The reports are in shortened form between 1938 and 1948 due to wartime and post-war conditions. After 1987 the format of the annual reports changes; it is illustrated for the first time, and it is produced in two or sometimes three volumes. These are entitled 'Annual Report', 'Statement of Accounts' and 'Research Information', (the latter not produced every year). The Annual Report was given the additional name 'Forging Links' in 1994-95 and was called 'Working Together' in 1995-96.</p> <p>c.83 items</p>

U ORP/2	University Calendars The University produces a calendar every year. The calendars give information about term or semester dates, and events in the university calendar such as board, committee and sub-committee meetings. The calendars list the departments and committees of council and senate and the early calendars include the regulations of the University. As the university has expanded, so the numbers of committees of Council and Senate and the number of departments has grown. Some calendars also list the appointments board. Due to the Second World War University calendars weren't produced between the 1940-41 and the 1945-46 academic years (inclusive). From the 1976-77 issue calendars changed from being hard bound to soft bound, and from the 1982-83 issue they became A4 size. 83 items	1929-2011

The University of Hull Gazette

1958-1981

There are three issues of the University of Hull Gazette per academic year, one for each term/semester.

The issues for Autumn generally include the previous term's congregations dates, the names of those getting a degree and the key speeches made at the ceremony; titles of theses; obituaries; a summary of Council and Senate proceedings such as grants awarded and appointments made; staff appointments, resignations and promotions; details of University church services; public lectures; faculty officers; University prizes; a list of the Officers of the local Association of University Teachers and other personalia. From Vol. 7 (1964-1965), the Autumn issue has also contained diary dates giving the times of various committee meetings; a list of University publications and a summary of the recent achievements and news from individual departments (departmental notes).

Spring issues generally include diary dates; list of honours; summaries of the proceedings of University Court, Council and Senate; departmental notes; personalia; news on University buildings and building projects; details of University church services; public lectures; honorary degrees; staff appointments, retirements, resignations and promotions; the Vice-Chancellor's address to court and a list of University publications.

The issues of the Summer term generally include diary dates; obituaries; summaries of University Court, Council and Senate proceedings; departmental notes; personalia; news on University buildings and building projects; staff appointments, retirements, resignations and promotions; public lectures and a list of university publications.

In some volumes, there is coverage of major events in the University such as in Vol. 13 No.2 which includes the speeches at the opening of the Brynmor Jones Library extension (Spring 1971). Some of the notices of retirements and appointments also include short biographical details.
