

<b>C DIBT</b>	<b>Correspondence regarding applications and references for crane operators at King George Dock</b>	<b>1910-1917</b>
---------------	---	------------------

**Accession number:** 18/17

**Historical Background:** The Humber Ports were developed by a number of public and private bodies from the late eighteenth century to the present day. Their administration is a history of acquisitions, mergers, nationalisation, and privatisation culminating in the current operation of the Ports by Associated British Ports (ABP).

**Custodial history:** Deposited by T. S. Berry in July 2018

**Description:** NER file

**Extent:** 1 bundle

**Related material:** For records of Humber Conservancy and the Humber Ports (Records deposited by Associated British Ports and its Predecessors) see collection held at reference C DPD

**Access conditions:** Access will be granted to any accredited reader
