**Historical Background:** Although there had been some informal negotiations beforehand, the Co-ordination of Transport Services Committee was formerly established in 1932. It consisted of members of the Corporation's Transport Committee and representatives from East Yorkshire Motor Services Ltd. In addition, MR. A.R. Fearnley, General Manager of Sheffield Corporation Tramways acted as an adviser. The committee, looking at co-ordinating transport services across the city, appears to have continued until 1978.

<b>C TCK/13</b>	<b>Hull Coal Supplies Joint Committee</b> 1 bundle	<b>1918</b>
-----------------	---	-------------

**Historical Background:** In November 1916, the Board of Trade first suggested that councils be allowed to set up their own coal depots. This was to ensure that the poor would have sufficient supplies of coal. The Hull Local Coal Supplies Joint Committee appears to have been established some time after July 1917 when the corporation agreed to allow their depots to be used for such a purpose. It was made up of members of the Price of Coal (Special) Committee and members of other committees as well as the corporation's coal inspector.

<b>C TCK/14</b>	<b>Hull Local Food Control Joint Committee</b> 18 items 3 bundles	<b>1918-1923</b>
-----------------	--	------------------

**Historical Background:** With food shortages and rising prices causing significant problems, the newly created Ministry of Food and the Food Controller introduced controls in July 1917 to fix the prices of essential food stuffs. The work of enforcement was devolved to local committees. The Hull Local Food Control Committee was established in August 1917. According to Ministry guidelines, the primary duty of the committee would be to 'safeguard the interests of the consumer'. It should be acquainted with local conditions and have the 'confidence of the public'. It was to carry out the duties of the Ministry of Food, and where appropriate, the Food Controller. It would have no more than 12 members, with at least one woman member and a 'representative of labour'. The City Council opted for 2/3 of the committee to be members of the Corporation with a 1/3 from outside organisations. It was finally wound up in June 1920.

**Historical Background:** At a meeting of the Hull City Council Works Committee in December 1904, there was a discussion with representatives of the Hull and Sculcoates Boards of Guardians regarding concerns over the unemployed in Hull. As a consequence it was decided to create, with the 2 Boards, a Labour Bureau to take action over the issue. From it's establishment in 1905, the council members on the Bureau reported back to the Labour Bureau (Joint) Committee, which was wound up after it's work was completed.
