

**L DIGT**

**George Thorp Diaries**

**1911-1940**

**Biographical Background:** Born 31 July 1847. George Thorp was a member of the Wesleyan Society, a trustee of the Newland Methodist Church, a member of the Temperance Society and on the Education Committee of the Sunday School Union. He was also a Property agent, Estate agent and Surveyor with offices in De Grey Street and Lowgate, Hull. He collected rents for private landlords and the Hull Corporation, as well as organising repairs, and there are numerous references in the diaries to collecting rents, paying taxes and rates, and banking sums of money.

The surveying work George Thorp carried out included plans for a staircase at the offices in Lowgate, plans for three floors of the Halford Cycle premises, and he also drew plans on behalf of Gelder and Kitching, Surveyors. The business was continued after George Thorp's retirement by his son, Joseph E. Thorp.

**Custodial history:** Deposited by Dr. Frank Barker, Secretary of the Wesleyan Society

**Description:** Includes a series of diaries written by George Thorp, recording the weather and current events, as well as a series of press cuttings books regarding the First World War.

**Arrangement:**

L DIGT/1	Weather Diaries	Oct 1911-Jan 1940
L DIGT/2	Press cuttings books	Jul 1914-Jun 1919

**Extent:** 76 volumes

**Access conditions:** Access will be granted to any accredited reader

**L DIGT/1**

**Weather Diaries**

**Oct 1911-  
Jan 1940**

These manuscript diaries vary in the information provided but they began as a record of the weather in Hull and continue to include such detail in all of the diaries. Includes notes regarding the weather, including barometer and thermometer readings in Kingston upon Hull, and also gives details of current events. World affairs written up in detail include the suffragette movement, the bombing of the East Coast by the zeppelins, Irish home rule and the intransigence of the Conservative government, politics, and crimes, particularly murders, which are reported in detail, and he often writes about books that he is currently reading and local cricket matches that he attends.

Hull History Centre: George Thorp Diaries

George Thorp also includes numerous entries in each diary chronicling the length of time his fountain pen lasts before it needs refilling, and even includes a drawing of a crossed nib and how it was repaired using a pair of dividers (L DIGT/1/21, p.63). By the 1920s the silver watch, given to him by his son Joseph, takes over from the fountain pen. George records every second lost by the watch and takes it to be repaired. Following the repair he walks each day to Carmichaels, the jeweller, which has an electronic clock in the window to check the time.

Access will be granted to any accredited reader

**66 volumes**

L DIGT/1/1	Diary: Volume 1 Includes an index at the back of the volume. Includes details regarding the miners strike of 1911. 1 volume	19 Oct 1911- 26 May 1912
